There is a regular exercise in reading or declamation, once a week, continued through the whole course,—the Senior and Junior Classes delivering original speeches.

COMMENCEMENT—VACATIONS—EXAMINATIONS.

The Annual Commencement will be held on the last Thursday of September, in each year. An examination of each class will take place at the close of each term. The College year is divided into two terms of five months each.—The first commences on the first Monday in November and terminates on the last Thursday in March. The second commences on the first Monday in May, and terminates on the last Thursday in September.

TUITION.

The Tuition Fee is \$15.00 per session. As it is very desirable that students should enter at the beginning of a session, to commence their studies with their respective classes, no deduction from the tuition fee will be made in favor of any who may enter after the commencement of a session or a term, before the first two months of it have expired. Those who may enter after the first two months of a session, will be charged in proportion to the part of it that may then remain.

EXPENSES.

It is impossible to make an accurate estimate of the expenses of a student. Much depends on his previous tastes and habits, and on the responsibility to which a parent or a guardian may hold him for the expenditure of the money with which he may be entrusted. The ordinary charges, in the town, for board, including lodging, washing, lights, and

fuel, are from \$2,00 to \$2,50 per week. Any young man wishing to pursue his studies for the Gospel Ministry, by furnishing testimonials of his character and standing as to piety, talents, and indigence, can procure a Scholarship of \$50 per annum, to enable him to defray the expenses of his education.

GENERAL RULES.

All students are required to be present at Prayers in the College Chapel; to recite a Bible lesson on Sabbath, and to attend preaching once on that day; to avoid all profaneness and vice of every species; to observe in all their deportment those principles of benevolence and integrity, which are essential to the comfort of every well regulated community; to exhibit diligence and energy in their studies, and to abstain from every thing that tends to injure their own interests or their general welfare.
