## *Admission.*

---

Before a student can enter regularly the Freshman Class of Centre College, he must pass a successful examination in the following studies, or their equivalent:

### *LATIN.*

Cæsar's Commentaries, two books; Virgil's *Æneid*, three books; four Orations of Cicero; and Grammar, including Prosody.

### *GREEK.*

Greek Reader; Xenophon's *Anabasis*, two books; and Grammar, including Accents and Quantity.

### *MATHEMATICS AND ENGLISH.*

Arithmetic; Algebra, as far as Quadratics; English Grammar and Analysis; Ancient and Modern Geography; Outlines of History.

---

Candidates for admission to a higher class must stand an examination on all the studies previously pursued by the class they desire to enter.

Students desiring to pursue special branches are permitted to enter any class for which they are prepared, subject to the direction of the Faculty in the amount of the study required, which shall always be equal to that of the regular student.

In all cases, a student from another college is required to present satisfactory testimonials of his moral character and standing in the college which he last attended.

In this department special attention is given to the German language. The recitations of the College are so arranged that any student can pursue the study of the German, either to fill out his complement of studies or as an extra. Members of the regular Junior Class are allowed to substitute German for the Calculus.

An opportunity is also given for studying French, Spanish and Italian.

This department is under an instructor who spent ten years in the Universities of Germany, a portion of the time as Professor of Modern Languages in the University of Jena.

### **PREPARATORY DEPARTMENT.**

This department has been organized by the Board of Trustees of Centre College. Its instructors are appointed by the Board, and a general supervision of the school is lodged with the College Faculty.

While the course of instruction is especially adapted to prepare young men for the Freshman Class, it is intended at the same time to furnish a liberal English education to any who may desire it. A student in either department is entitled, without additional charge, to all the privileges of the other.

Tuition in the Preparatory Department is \$35 per annum, payable semi-annually, with \$5 extra for janitor's fee, fuel, etc.

### **RELIGIOUS INSTRUCTION.**

The recitations of each day are opened with the worship of God. A half hour is devoted to religious instruction. Recitations in the Bible, or lectures on biblical and similar themes by the College Pastor, are the main features of this instruction.

All students are expected to attend these services and also the public preaching of the gospel, unless specially excused.

### **EXAMINATIONS.**

There are two public examinations of all the classes, one in the middle of the College year and the other at the close, held before a committee of the Synod, and conducted by each professor in his own department. These examinations are either oral or written, or both combined. The final examination of the Graduating Class is held four weeks before the close of the session.

### **DEGREES.**

The degree of A. M. is conferred in course on every graduate of three years' standing, who shall have sustained a good moral character and pursued professional studies during the interval, and who shall have made application for the degree one day or more previous to the Annual Commencement.

### **COMMENCEMENT—VACATION.**

The session opens on the first Monday of September and closes on the third Thursday of June, on which day the Annual Commencement is held.

A recess is given during the Christmas holidays.

### **TUITION AND OTHER FEES.**

Tuition, including a contingent fee of \$5, is \$50 per annum, payable semi-annually in advances.

The sons of ministers of the gospel of every denomination receive their tuition free; and the same privilege, under proper restriction, is extended to all young men of limited means and good character. No one will be excluded because unable to pay the ordinary charge for instruction, but will be welcome to all the privileges of the College without incurring pecuniary obligation. The question of future compensation will be optional with each one.

The contingent fee of \$5 annually for janitor's hire, fuel in College rooms, etc., is required of all.

### **BOARDING.**

The students board and lodge in private families, in which they enjoy the advantages of Christian society and are thus preserved from many temptations. No fixed rate can be stated for the cost of living, as this varies with the price of provisions, fuel, etc. During the current year the prevailing rates for board, including fuel, were from \$4.50 to \$5 per week.

### **COLLEGE HOME.**

For many years cheap living for her students has been felt to be one of the most pressing wants of our College. To secure this end, very comfortable rooms, sufficient to accommodate forty young men, have been fitted up in the old College building. These rooms, comfortably furnished with stove, chairs, beds, table and washstand, are given free of charge for rent to applicants of good character and limited means.

To those who have taken their meals at the "Home," boarding has been furnished at the cost of materials and their preparation, which for the present term has amounted to \$2.50 per week (washing \$1 per month additional).

The entire expense of a student for the term of forty weeks, including board, washing, fuel, lights, and the contingent fee of \$5, need not exceed \$130, or thereabouts.

Some vacancies will exist at the end of the present year, and worthy young men who may desire to avail themselves of this opportunity for a cheap education, can make application to the President or Vice-President of the College, from whom full information may be obtained. Preference will be given to those who may desire to pursue a full course of study.

### **MUSEUM.**

Through the liberality of Dr. Joux W. Scott, of Lexington, and others, a series of Ward's casts for illustrating zoology and paleontology, and a large number of minerals, have been added to the College Museum.

## *Prizes.*
