

HARRODSBURG ACADEMY.

Harrodsburg, Ky., June 11th, 1903.

To the Executive Committee of Centre College of
Central University.

Inasmuch as the diplomas for the class of 1902
are very unsatisfactory and there being many complaints,
because of the quality and because our names are fast
fading from them; we beg of you that you consider and ex-
change
our present diplomas for those of a better grade.
Being the first class of the consolidated institution
we think it but justice that we receive the ~~same~~ grade or
one equally as good as the second class.

We cherish the names of our college president and the
professors also our own names written by their hands
and we beg of you to give us in exchange for our present
diplomas those of a type similar to the ones you are going
to give the present class. Hoping that you will give this
matter due consideration and that when you make the order
for this year that you will also make our exchange; we
remain loyal to you and to the College that we love.

J.W.Ireland, Pres. of class of 1902.

H.B.Rose
H.H.Linney } Committee.
