Danville, Ky., April, 20, 1906.

My Dear Sir:

You have no doubt received President Hinitt's letter setting forth the plan that has been inaugurated to secure the cooperation and assistance of the Alumni in the erection of a Memorial Dormitory on the grounds of "Old Centre" at Danville, Ky.

The plan is heartily endorsed by the local Alumni, who, at a called meeting recently held, and when only about a dozen then present, started the ball to rolling by subscriptions to the amount of \$3,500, and appointed one committee to see the Alumni in Boyle county, another to correspond with the old boys. There could be erected no more suitable or appropriate building than a Memorial Dormitory, as the present lodgings are full to overflowing. With the servant question as it now confronts the housekeeper of this locality it is almost impossible to provide for increasing number of students in private homes. Wont you lend a helping hand to a cause so worthy, and assist in the erection of a Memorial Building on the grounds of our Alma Mater?
