October 24th, 1924

President R. A. Montgomery
Centre College
Danville, Kentucky

My dear President Montgomery:

We have been following up your telegraphic inquiry of October tenth and while it has been rumoured that three former Syracuse students are playing on the Carson-Newman football team, we have no evidence to support this. Transcripts of the records of these men have not been applied for or sent to any other college.

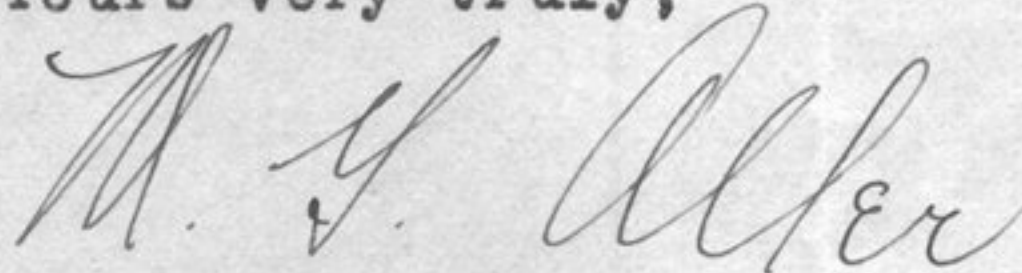

The following information regarding the students in question may be of some value to you.

David Ziff was declared ineligible last year by the Athletic Governing Board for playing in an unauthorized game at Utica.

Edward Ruby left college after the first semester of last year and therefore would be ineligible for participation in this year's games.

Jacob Patterson would be ineligible because of grades obtained at midyears.

Yours very truly,

Secretary to the Chancellor
